

## BOERS ARE NOT YET CONQUERED

### A Whole Battalion of British Troops Made Prisoners.

LONDON, June 11.—Lieut. General Sir Frederick Forestier-Walker, in command of the lines of communication in South Africa, reports that in the disaster to the British troops on June 7th at Roodeval, where the Boers cut Lord Roberts' line of communication, the fourth battalion of the Derbyshire regiment were all killed, wounded or taken prisoners, except six enlisted men. Two officers and fifteen men were killed and five officers and seventy-two men were wounded, many of them severely. The Boers returned the wounded to the British.

It is inferred that the Boers captured over five hundred men, and as late as June 10th held positions cutting off the British course north of Kroonstad.

A dispatch from Gen. Forestier-Walker says that General Methuen was fighting within ten miles of Heilbrunn, as follows:

"Cape Town, June 10.—General Kelly-Kenny reports from Bloemfontein this morning that Methuen with the greater part of his division was fighting early on the morning of June 8th, ten miles south of Heilbrunn, where Colville was reported to be with the Highland brigade. Methuen left Lindley June 6th, with ample supplies for himself and Colville, leaving Paget to hold Lindley with a force and supplies.

"Kelly-Kenny has ordered Knox to press in the enemy's outpost, believing the enemy's strength to be exaggerated.

"All is quiet and there is no anxiety as regards the district to the south. Communications north of Kroonstad have been cut since June 6th."

There is no further word of General Buller's progress. Reports from Maseru, Basutoland, June 9th, say the Boers around Cliffohsburg refuse to surrender, and severe fighting is expected.

## BOERS SURRENDER.

VENTERSDORP, June 11.—Two hundred and fifty Boers have surrendered to General Hunter, and the remainder in this district have promised to give up their arms.

No joy or pleasure on this earth quite equals that which comes into the home when baby comes. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate flesh that is blood of their blood and flesh

of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments, known as "female troubles," cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured.

Mrs. James W. Blacker, of Catherine St., Syracuse, N. Y., writes: "Your medicine has done wonders for me. For years my health was very poor. I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription I have much better health and now I have a fine healthy baby."

## MORE BLOODSHED IN ST. LOUIS STRIKE.

By Associated Press.  
St. Louis, June 11.—Monday opened quiet after yesterday's reign of terror. With one exception all the streetcar lines are in operation today. Up to 11 o'clock no action had been taken by Governor Stephens.  
Chief of Police Campbell, who last week expressed an opinion that the State troops should be called out, now says: "I would not recommend that the State troops be called upon just yet. The developments of yesterday show that we are able to handle the situation."

## THE RESTRAINING ORDER ENLARGED.

Special to the GAZETTE.  
SAN FRANCISCO, June 11.—This afternoon Judge W. W. Morrow, in the United States Circuit Court, enlarged the restraining order now in force against the Board of Health, by adding a prohibition against excluding physicians employed by the Chinese from attending autopsies held after death on the bodies of their patients. Attorneys, representing the various Chinese interests, applied to have the order enlarged,

## THE SITUATION IN CHINA.

### Lives of Foreigners Still in Great Danger.

Reported Landing of Four Thousand Russian Troops at Tien Tsin.

By Associated Press.  
New York, June 11.—The following cable from Peking was received today at the Methodist Episcopal Board: "Peking, June 9.—Massacre native Christians. Situation of foreigners critical. From Washington."

"DAVIS, 'GAMWELL.' This came direct from the missionary society at Peking, of which Messrs. Davis and Gamwell are in charge. A copy of the message was sent to President McKinley.

In repeating the cable message to the President, Rev. A. B. Leonard of the missionary society added the following:

"This means our people are in great peril and greatly need such protection as our Government can afford."

WASHINGTON, June 11.—The following undated dispatch has been received at the Navy Department:

"Secretary of the Navy: Forces landed by the different nations opening communications to Peking. Americans joined."

Admiral Kempf also reports the arrival of the Monocacy at Taku.

BERLIN, June 11.—The German foreign office has received a dispatch from Peking, dated Sunday afternoon, saying the American mission house at Tong Chow, the river port of Peking, has been burned by natives. The officials of the foreign office say this happened Saturday or Sunday morning.

The dispatch says the International Club, outside of a gate of Peking, has been burned, and that the Belgian legation was attacked by Chinese soldiers.

The foreign office takes the latter news as confirming the serious views taken of the situation, and expresses fear that the German embassy will be next attacked.

An official of the German foreign office called attention to a remark ascribed to Colonel John Hay, the United States Secretary of State, to the effect that the United States could not enter into an alliance with the Powers regarding China.

LONDON, June 11.—According to a dispatch from Shanghai, dated today, 4,000 Russians, with twenty guns, have already been landed at Tien Tsin, and are marching in the direction of Peking. Shanghai rumors, however, must be accepted with caution.

WASHINGTON, June 11.—The Navy Department has received the following cablegram from Admiral Kempf:

"Tong Ku, June 11.—Secretary of the Navy: In case all communication with Peking is cut, not able to go alone; if other nations go will join to relieve Americans pending on instructions. Situation serious. Battalion of marines from Manila has been urgently requested. Answer. — KEMPF."

Upon receipt of the above Secretary Long sent the following cablegram to Admiral Remey at Manila:

"Navy Department, June 11.—Remey, Manila: Send by Solace immediately with all dispatch to Kempf 100 marines, arranging, if practicable, that after landing Solace shall continue homeward voyage as previously ordered. — LONG."

## Excitement in Wheat.

By Associated Press.  
CHICAGO, June 11.—The price of wheat was today the highest since October, when the Boer war broke out. The wheat pit on the Board of Trade was crowded with excited traders. Wheat for delivery to the purchaser in July, today sold at 74 1/2, 30, higher than at the close of trading Saturday.

## A Maine Fire.

By Associated Press.  
WEST NEWFIELD, Me., June 11.—The farm building of George W. Goodwin, situated two miles from here on the road leading to East Wakefield, N. H., was burned early this morning, and it is believed that Mr. Goodwin, the housekeeper, Mrs. Elsie Horn, and three others lost their lives.

## Suicide.

By Associated Press.  
CHICAGO, June 11.—John D. Weber, at one time one of the most prominent and wealthy business men in Chicago, committed suicide today by drinking carbolic acid. Weber lost most of his fortune in the great fire of 1871, and the financial panic of 1873.

There will be a special meeting of the Kindergarten Association, Tuesday, June 12th, at 2:30. Maud W. Wheeler.

## WHOLESONE ADVICE

For People Whose Stomachs Are Weak and Digestion Poor.

Dr. Harrison, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery rising, headache, sleeplessness, lack of ambition and a general run down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and then mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest the food anywhere, whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essence, pepsin and Golden Seal which supply just what the weak stomach lacks.

I have advised the tablets with great success, both in curing indigestion and to build up the tissues, increasing flesh in thin, nervous patients, whose real trouble was dyspepsia, and as soon as the stomach was put to rights they did not know what sickness was.

A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as desired with the assurance that they contain nothing harmful in the slightest degree; on the contrary, anyone whose stomach is deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness or disease except cancer of the stomach.

## Sudden Death.

Mrs. Lora Loofturrow, wife of W. J. Loofturrow, died suddenly yesterday afternoon of apoplexy of the lungs. She had been in delicate health for many years. It was reported yesterday that her death was caused from a dose of carbolic acid, taken with suicidal intent, but Mr. Loofturrow informed the GAZETTE this morning that there was no truth in the rumor. Her remains were taken to Carson on the local to-day for interment. She was a daughter of J. M. Benton, the Carson livestock man, and will be buried in the family plot in that city tomorrow.

When only 17 years old, by the death of her mother, she was given the care and training of two baby sisters, and most nobly did she carry out the charge, giving her best strength and ability for their benefit. Her affectionate disposition made her many friends wherever she has lived.

## More Lightning Freaks.

Lightning last evening was an unwelcome visitor to the electric light plant of the R. W. L. & L. Co. The big building was full of supply hose, and it drove the men employed there out of the building. It burned out the coils in one of the dynamos and bucked against the 20,000 candle power dynamo, but did not phase it. It splintered ten or fifteen poles of the line being constructed to take power to the Comstock, near Huffaker's. In fact it was playing tag dangerously near this vicinity for upwards of two hours. A tree near the bedroom window of Mr. Chapman's residence, near G. T. Bender's, was struck by lightning and reduced to splinters.

## A Pretty Sight.

Five bars of bullion containing silver valued at \$1200, figuring it at 60c per ounce, and \$800 in gold, is on exhibition in the show window of the Washoe County Bank. The bullion is the product of six tons of ore from the Wedekind mine, worked at the Reno Reduction Works. Those best posted express the belief that the Wedekind find is a valuable one, and that at no distant day it will be a great bullion producer. The result of working six tons of the ore certainly justifies this conclusion.

## Unpleasant and Unhealthy.

The ground where the fire burned over in Chinatown is now used as a dumping ground for all kinds of garbage. It is at once unsightly and unhealthy, and the authorities should look into the matter at once and not only stop the dumping of any more, but make someone responsible for what has been done and see that it is cleaned up for sanitary reasons if for no other.

## Notice to Stock Subscribers, Reno Smelting & Milling Co.

Notice is hereby given that the first installment of 20 per cent, upon the subscriptions to the stock of the Reno Smelting & Milling Co., is now due and payable to the undersigned treasurer of the company at the Bank of Nevada. Stock certificates will be issued upon completion of payments.

A. G. FLETCHER, Treasurer.

June 11-24.  
A young woman named Clara Ball, living in Fowling Addition, is reported to have been quite badly burned yesterday by lightning.

GOOD NATURED BABIES ARE THOSE RAISED ON GAIL BORDEN

EAGLE BRAND CONDENSED MILK FOR BABIES

AN INDIAN AMUCK.

Bloody Work of a Plute Near Virginia City.

A Plute Indian named Jack Higgins ran amuck Saturday night at the Indian camp near the Divide reservoir and tried to clean out the camp. As a result four squaws and one buck received terrible, probably fatal, wounds. He first slashed his wife, Annie Cleveland, with a knife, and leaving her for dead grabbed his gun and crossed over to the camp on the hillside. Here he shot four squaws and a buck and made his escape. The fellow is an ex-convict, discharged from the Carson penitentiary about three years ago.

Annie Cleveland was taken to the county hospital and will probably die.

## Coming to Reno.

Colonel E. D. Boyle drove down from Virginia yesterday and returned by train this morning. He informed the GAZETTE reporter this morning that he would move his family to Reno the middle of this week, when they will take up permanent residence. Colonel Boyle is operating mines in Como district and Nevada City and will establish a "half way" station between the scenes of his labor. Reno bids the Colonel and his family welcome to the metropolis.

## Death of William Bruce.

Lieutenant W. O. Wright of the First Nevada Cavalry is in receipt of a letter from Upan, Philippine Islands, saying that William Bruce, who it will be remembered was taken prisoner by the Filipinos while outside the picket lines at Manila, in company with Housman, died on May 4th. Bruce was running a saloon at Banquil, P. I. He had been sick ever since his return from captivity.

## Nothing Like Candor.

The Monitor is a new paper started in Yerington, reuniting from the ashes of the Rustler. In its salutatory it makes the following candid announcement: "The Monitor will be independent in politics, but will always be open to any party who may favor us with their patronage."

## DIED.

LOOFTURROW—In Reno, Nevada, June 10, Mrs. Lora Loofturrow, a native of Carson, Nev., aged 24 years, 6 months and 8 days.

## Foul Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of. The disease is in the blood, and all the sprays, washes and inhalants known in the world can have no permanent effect, whatever upon it. Swift's Specific cures Catarrh permanently, for it is the only remedy which reaches the disease and forces it from the blood.

Mr. S. F. McAllister, of Bardonia, Ky., writes: "I could see no improvement whatever, and was constantly troubled with sprays and washes, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try Swift's Specific, and after a few bottles were used, I felt that each winter I was cured of the disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. NOTWITHSTANDING Nevada's war claims have been rejected many times by Congress, a little revamping will be done and they will undoubtedly prove of great help again in the coming campaign. Senator Stewart has used them successfully for 10 years many years, and with a little polishing up they may be made vote-catchers this fall. However, it is much easier for our representatives in Congress to point out what they have not done, but have tried to do, than for them to point to anything that they have done. In fact, we cannot recall anything that has been accomplished for the good of Nevada for upwards of twenty-five years. But still the bosses tell us it will not do to "swap horses while crossing a stream." The GAZETTE is of the opinion that any kind of a change would be profitable.

NOTWITHSTANDING the large amount of food sent to India the situation there in the famine district is almost indescribable. In a country so densely populated a crop failure is disastrous, and in India such calamities are appallingly frequent. The life of squalor and wretchedness to which long years of habit have insured the natives, assists greatly in spreading diseases and in increasing the mortality. England has done much to improve the situation in the past half century by making better sanitary regulations, but the indolence and shiftlessness of the inhabitants prevents much satisfactory progress.

A resolution will be introduced in the coming Republican National Convention repositioning the number of delegates from the several States. The resolution provides that each State be entitled to four delegates at large, and one additional delegate for each ten thousand votes, or majority fraction thereof, cast at the last preceding election for Republican electors; and four delegates from each organized territory and the District of Columbia; This would reduce Nevada's representation to five delegates in place of six.

THE Democrats in Congress say they voted against the constitutional amendment giving Congress power to regulate trust, on the ground that it would give Congress too much power. A very flimsy excuse—but better than voting against the all-powerful corporations.

It is a pleasure to hear that the new Spanish loan has been greatly over-subscribed by the Spanish people themselves. A good deal of wealth in the form of cash is stored away, among the Spaniards.

THE Colorado sheep that was worth only \$1.52 in Cleveland's last term now sells for \$2.88, and the number of sheep in the State has increased 50 per cent in the same time.

TELLER says Bryan will win, and tells why. Later this tale told by Teller will prove him an erroneous tale-teller, then again demonstrating how little there is in a name.

FOUR weeks have passed and Bryan has not repudiated a word of the Sioux Falls platform which Brother-in-law McLean said was written by a crazy man.

The Chinese ask "how is your liver?" instead of "how do you do?" for when the liver is active the health is good. DeWitt's Little Early Risers are famous little pills for the liver and bowels. Wm. Plummer, druggist.

WHAT TWO WOMEN SAW.

Two New York women stood in front of a Broadway window watching a Persian weaver laboriously weaving upon a frame, the pattern of a beautiful rug. Slowly, almost imperceptibly, thread by thread the pattern grew beneath his hand, until what had seemed a meaningless crossing of dull threads gradually took on form and beauty. Suddenly one of the two women began to repeat the lines:

Weaving, weaving threads of faith  
Pattern of a woman's heart,  
Who can ever understand  
The lines of life in every part?  
Will the colors warmly glow—  
All traced in love and happiness,  
Or will they fade in somber hues?  
A woman's future who can guess?

There is infinite passion in the way that women ponder over and try to trace out the purpose and meaning of their lives. To young and happy women it seems as if destiny was weaving their future in all the colors of the rainbow like a merry dance of cupids weaving garlands about a May pole in the spring time of life. But to thousands of women the loom looks to be all a "warp of sorrow in a woof of pain."

WHAT LIFE REALLY IS  
A woman's life pattern is really woven by herself. A great philosopher has said "Life is neither pain, nor pleasure, it is serious business." If a woman would make it her serious business to understand herself mentally, morally and physically, using the common sense that God has given her, there would be far less misery and suffering woven into the pattern of her life. She can make it almost anything she chooses.

Every woman who wants to derive the full share of happiness, what nature intended her to find as a woman, wife and mother, ought to read that great and wise book, The People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Several hundred of its thousand pages are devoted to the subject of woman's special physiology, telling in plain and refined language how a woman may build up her physical self to meet the emergencies of her developing career.

The author of this great book is among the most successful of living physicians. His "Favorite Prescription" is known in every corner of the civilized globe as the most remarkable supportive tonic and health creator ever devised for weak and ailing women. It imparts direct strength and healthy vitality to woman's delicate special structure, and increases the vigor, endurance and recuperative force of her entire system.

A Pennsylvania lady, Mrs. Abigail R. Smith, living at the corner of Meade and Alameda Streets in Williamsport, in a recent letter says, "My life is a story of misery. Until the birth of my boy I had health and vigor. I was a robust girl, married in my twenty-fifth year and two years afterward my boy was born. Then the health I boasted of was suddenly gone. Pen or tongue can never describe the awful suffering I endured for a year and a half. I was so miserable I longed for death to relieve me when a kind neighbor came in and asked me to try Dr. Pierce's Favorite Prescription. I said despairingly, 'Oh, it is of no use. I can't ever be any better. My mind and my body are both broken. I am a wreck. I don't know what to do. I don't know what to do. I don't know what to do.' I was able to walk across the room without feeling faint or having any palpitation of the heart. Oh what a God send your medicine is to suffering humanity. We had spent two hundred dollars with the leading doctors without any benefit whatever."

Last December I had a baby, and that is to your 'Favorite Prescription.' I stood the enormous weight and have a fourteen pound baby girl. To-day I feel as well as I ever did in my life.

For thirty years Dr. Pierce has been chief consulting physician to the Harvard Medical and Surgical Institute of Buffalo, N. Y., assisted by a staff of nearly a score of skilled specialists in the different branches of medical practice. Any woman consulting him by mail will receive, free of charge, the best professional advice anywhere obtainable. All correspondence is regarded as sacredly confidential.

The magnificently illustrated "Common Sense Medical Adviser" is now published in a paper covered edition which will be sent absolutely free for the bare cost of mailing, at one cent stamps which should be sent to the World's Dispensary Medical Association 663 Main Street, Buffalo, N. Y. Or 31 stamps should be sent if a durable heavy cloth bound volume is preferred.

RED-HEADED GIRLS.

Fortunately the Much Desired Color Is Found in All Countries of the World.

The geographical distribution of red-headed girls is, fortunately, wide. They can be found in every inhabited quarter of the world, says the St. Louis Republic.

The so-called dark races are frequently glorified by glowing locks. The Spaniards are swarthy as a race, but the purest-blooded Castilians frequently show traces of their Visigothic blood by blue eyes and red hair. The Infanta Eulalie, who visited this country in 1893, is red-headed.

Red-haired Italians are fairly numerous in Italy. They are most numerous in the northern provinces, where there is the greatest infusion of German blood.

And there is no girl in the world prettier than a red-haired Italian or Spaniard, except it be a red-haired American.

In Ireland a red-haired girl is made miserable by being called a "Dane." This epithet is a legacy of a thousand years or more—from the time when the Danes did override the coasts of Britain.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GO OUT OF TOWN DEWEY DAY.

Residents of Chicago Who Passed Anniversary of the Manila Battle Playing Golf.

There were some people in Chicago on Dewey day as the appearance of the streets and buildings testified, but there were others as well who were not in Chicago, but who hid themselves away on an early train to the nearest golf ground and spent the holiday propelling the little round gutta percha implement across green fields and pastures new, says the Chronicle. The lull of the country was particularly gratifying when contrasted with the jar and bustle and excitement of the celebration in town, and while the country idler wanted to cheer for Dewey, he wanted still more to enjoy the delights of a holiday close to nature's heart when spring is in the air.

So he gave a little cheer for Dewey every time he drove a ball and he challenged his opponent to come on in the immortal words of the immortal commander: "You may fire when you are ready, Gridley." He kept the battle of Manila in his heart and left the sweet seclusion of streets for his fellow residents with the tastes of the town.

For the joys of a pageant and the music of a band and the amusing burlesque of the bandmaster and the glitter and clash of the army and the navy and even the sight of the hero of the nation himself are weighed in the scales with a game of golf and the balance is found woefully wanting.

MAN WITH THE DRUM.

He is the Most Necessary and Important Personage in a Street Procession.

The man with the drum is a very important individual these days of street processions. He keeps things moving and men from lagging behind quick-step time and is altogether a thoroughly indispensable person in a parade. The band only plays at intervals, but the drum beats steadily on, says the Chicago Chronicle.

Victory in battle is often due to the man with the drum, but he sounds the summons to march on and the inspiration of the tap fires the spirit and inflames the soul and sets the heyday in the blood rioting hotly with no thought or power to attend the decision of the judgment.

The man with the drums at the Auditorium is always the most interesting character in the ensemble of the orchestra. High in the center he stands among his fellows and his arms fly this way and that among the kettledrums and his flexible wrists and fingers are in perpetual motion, keeping the padded drumsticks going. In some parts of the Wagner music he would sound the alarm of his beat with a savage satisfaction, and in vespers to the Meister-singer his famous bombardment never failed to bring a smile of mirthful enjoyment to the generally impassive countenance of the leader of the orchestra.

Agassiz at the Saranac.

The whole Saranac community was on the qui vive, says W. J. Stillman in Atlantic, not to see Emerson or Lowell, of whom they knew nothing, but Agassiz, who had become famous in the commonplace world through having refused, not long before, an offer from the emperor of the French of the keepership of the Jardin des Plantes and a senatorship, if he would come to Paris and live. Such an incredible and disinterested love for America and science in our hemisphere had lifted Agassiz into an elevation of popularity which was beyond all scientific or political dignity, and the selectmen of the town appointed a deputation to welcome him and his friends to the region. A reception was accorded, and they came, having taken care to provide themselves with an engraved portrait of the scientist, to guard against a personation and waste of their respects. The head of the deputation, after having carefully compared Agassiz to his followers and said: "Yes, it's him," and they proceeded with the same gravity to shake hands in their order, ignoring all the other luminaries.

Naming the Prince of Wales.  
About 600 years ago there was a king of England—Edward I.—who subdued the people of Wales. After conquering the Welsh, he was anxious to get their good will, and so, when it happened that his first baby prince was born in Carnarvon, in Wales, he had a bright idea. He announced that his boy was a native of Wales—one who could speak Welsh just as well as any other tongue (this was true, as the baby was but a few weeks old), and he should therefore be the people's own prince, Edward, prince of Wales, says Forward. Twenty-three years after this baby became king of England, and about 50 years later his grandson had assigned to him, as the third prince of Wales, the crest and motto which has been borne by all the English kings' sons who have since that day had the title. The crest is three ostrich feathers, and the motto is the sentence, "Ich dien"—"I serve." It was given to the Black Prince, a boy of great promise, who fought bravely at the battle of Crecy.

Wanted.  
Husband—Darling, were you frightened by the earthquake to-day? I was in great distress at not being able to go to you.  
Wife—No, you silly. I didn't feel it. I was trying on my new frock.—N. Y. World.

Edging His Way.  
"So they had you down in New Orleans vacinating war mules, eh? Well, what is your reward?"  
"They offered to ship me to South Africa and make me a corporal in the famous lancers."—Chicago Evening News.

WHEN ALL OTHERS FAIL CONSULT YE

JUTTING, All who suffer from piles will be glad to learn that DeWitt's Witch Hazel Salve will give them instant and permanent relief. It will cure eczema and all skin diseases. Beware of cheap imitations. Wm. Pinniger, druggist.

John Bels' is the only barber shop in town where three chairs are constantly run. No one need wait for his "turn." Go there and get cleaned up in the highest style of the barber's art. Bath-rooms attached.

Ivy poisoning, poison wounds and all other accidental injuries quickly cured by using DeWitt's Witch Hazel Salve. It is also a certain cure for piles and skin diseases. Take no other. Wm. Pinniger, druggist.

Fitted Up a Fine Store, C. F. Kolster and John Urban have opened for business at No. 115, Virginia street, between the iron bridge and Second street.

They have received a fine line of furnishing goods, including underwear, overalls, suspenders, socks, boots, shoes, and in fact everything to be found in a first-class gent's furnishing store. The tailoring department is run by Mr. Kolster, and is complete and up-to-date in every particular. Try one of his summer suits.

Shoe repairing a specialty. The best material used and prices reasonable. Men's soleing, 75c.; ladies' soleing, 50c.

Reports show that over fifteen hundred lives have been saved through the use of One Minute Cough Cure. Most of these were cases of grippe, cough, asthma, whooping cough, or influenza and pneumonia. In early use prevents consumption. Wm. Pinniger, druggist.

CASTORIA

For Infants and Children. The Kid You Have Always Bought Bears the Signature of

Dr. J. C. Pinniger, druggist.

Starvation never cured dyspepsia. Persons with indigestion are already half starved. They need plenty of food and a good appetite. One Minute Cough Cure is the only remedy known that will instantly relieve and completely cure all stomach troubles. Try it if you are suffering from indigestion. It will certainly do you good. Wm. Pinniger, druggist.

COMING HOME

This is a Campaign Year, and Two Years Hence Will be Senatorial Time.

Senator Jones and Stewart and Congressman Newlands are expected "home" within a month. Jones is breaking down Newlands' political forces, wherever he can and Newlands is doing the same to Jones, and Stewart is coming to see that none of Jones' hard gets into the Newlands round-up, by tending gate.

Stewart and Jones dislike Newlands and Newlands has no love for either Jones or Stewart—in fact the combination heretofore existing has busted up, and the end is not yet. Jones wants to go back to the United States Senate two years hence, and Newlands also has a desire to represent Nevada in the Upper House of the Nation's council, and there is likely to be a hot time before matters are settled.

Jones has had a lead pipe cinch on the United States Senate for twenty-five years and does not desire to have the saddle turn with him two years hence. So far it is a Democratic Silver party row that is quite likely to assume most any shape before the campaign of over. But let us fight, they are no kin, notwithstanding they have been sleeping in the same political bed for several years.

An Electric Storm, A very severe electric storm visited Reno last evening. Forked lightning could be seen in the black clouds in every direction, followed by peals of thunder that caused the hearts of the timid to stop beating. The lightning played pranks around every telephone instrument on the circuit, rang the bells and played hide and seek in great shape. The result was that every telephone in town was burned out. The fire-colored servant and enemy of mankind also danced a jig in the Western Union office for the benefit of Night Operator Wilson. It burned out the lightning fuse, but beyond that did no damage further than frightening the night man. It put out the electric lights in one portion of town, and take it all in all the thunder shower was a cracker jack. For an hour or more rain poured down in torrents. The storm was purely local.

Death of Mrs. Borden, Mrs. E. V. Borden, an old and respected resident of Reno, who had lived here for twenty-six or twenty-seven years, died yesterday afternoon at her home on West street, after having been in poor health for nearly ten years. Mrs. Borden was one of the best of women and her death leaves a chair vacant in the family circle that has been filled by a loving mother, good neighbor and kind friend for upwards of fifty years.

Mrs. Borden leaves a husband, R. V. Borden; two sons, L. P. McAllister and O. H. Perry; two daughters, Mrs. John Blanchard and Miss Lizzie McAllister, besides a large circle of intimate friends to mourn her death.

The funeral will take place Wednesday at 2 o'clock, from the family residence, No. 105, West street, to Trinity Episcopal Church.

What Can I Wear? Now that the weather is here, you are naturally thinking "What can I wear that will be the most comfortable and at the same time look neat and dreezy?" An up-to-date golf shirt is just what you want and will fill the bill in every way. Alfred Nelson has the largest assortment and will give you better values for your money than any other furnishing goods house in the State. His stock of furnishing goods is complete in every way. A brand new stock of striped and solid color sweaters have just arrived.

He is the sole agent for the celebrated Carhartt engineer's overalls, coats and caps, and A. G. Spanning's sporting goods. Wholesaler and retailer of all the leading brands of tobacco, cigars and cigarettes. Free employment office.

The Cast, The cast in "The Doctor," to be presented by the Reno Dramatic Club, is as follows:

Dillingham Hopper, afterwards the Doctor, who wants some fun and gets it. F. P. Dean Thomas Paxon, Dillingham's friend.

Crumley Chieago, a wise old man who wants a widow. A. W. Oakley, a young man who wants a widow.

Mr. Fanny Mayfair, a dashing widow who wants some fun.

Miss Mippie Knox, another widow who wants to elope.

Mrs. Annabella Bellowly, another widow, who wants a husband.

Effie Picton, Fanny's wife, who wants revenge. Seats on Monday for 10, 20 and 30 cents at Rosenthal & Armarko's.

Just to Remind You, Do we want to call your attention again to the well known fact that the Palace Bakery has established a reputation for merit and integrity; that our goods are unsurpassed; our service the most obliging and our establishment a credit to Reno. All are served alike and we will be pleased to have your custom.

Unless food is digested quickly it will ferment and irritate the stomach. After each meal take a teaspoonful of Kofor Dyspepsia Cure. It digests what you eat, and will allow you to get used to what you eat. It never fails to cure the worst cases of dyspepsia. It is pleasant to take. Wm. Pinniger, druggist.

LOCAL POINTERS.

Little About Business, Good Deal of News and Something About Everything.

For fine tailoring go to Harry McDuffee, the tailor, leads; no mistake.

Screen doors and windows cheapest at Ed. Schmidt.

Neckties and handkerchiefs best and cheapest at Sanderland's.

Men do not lose money on fast horses, but on slow ones reputed to be fast.

Buy your fountain pen ink of R. Hers & Bro. It will work perfectly; 25c a bottle.

Clothes done up well and quickly at the French Laundry. Only white labor employed.

The Gazette and Bulletin are on sale at Harry Davis' stationery store on Commercial Row.

W. J. Loolburrow has resigned as delivery postal clerk and has been succeeded by John Shaver.

Stoves and ranges, best and cheapest, also plumbing and tinning, neat and cheap at Ed. Schmidt's.

Samuel B. Weller, an old resident of Troncke, Cal., in the early days, died in Oakland last Wednesday.

Garden hose, tools, poultry netting, refrigerators and ice cream freezers sold at city prices at Ed. Schmidt's.

Anheuser beer at the Monarch in big glasses, cool and sharp from the keg, is the best drink for a warm day.

Will continue one week more to clean up the stock of shirt waists at cost prices. Novelty Dry Goods Store

Fine meals well served in the rule at the Washoe Lunch Counter. Fresh trout cooked to order on the bill of fare every day.

The automobile factories are working on a scheme to have a great inter-oceanic roadway built between New York and San Francisco.

A new arrival of trimmed hats bought at reduced prices and will be able to give the ladies of Reno a bargain at Miss A. Motley's.

Jake Becker's saloon and lunch counter is always supplied with the best going. It will make a hungry man happy just to look at it.

When going on a fishing, camping or hunting trip leave your good watch at home and buy one of R. Hers & Bro.'s \$1.25 camping watches—it will never fail on you.

Only sweet, good meat sold at Sauer & Grob's. As the season progresses you will find it to your advantage to buy your meats where there is a first-class refrigerator and plenty of ice.

The Elite is a pleasant place to drop in for an hour and read the papers or talk with friends over a glass of good liquor. Henry Riter knows how to please his patron and you will find everything first-class.

To those who drink whiskey for pleasure; HARPER whiskey adds zest to existence. To those who drink whiskey for health's sake; HARPER whiskey makes life worth living. Sold by the Riverside Hotel, Reno, Nev.

Friends of the University, Wheelmen, public schools and the various churches and societies should remember that for every 25c. purchase from W. Pinniger's drug store they get a coupon to vote for the piano for any of the above.

Tin Ore, Senator Williams has some samples of tin ore from the mines at Sand Springs, Churchill county. The ore was sent a sample to Swansea and had it analysed. It went 17 1/2 per cent tin and 34 per cent iron. The balance of the minerals it contained were silica and other worthless minerals. Senator Williams thinks the mine a good one and will probably get up a company and bond it for six months or a year and put in the time prospecting and doing development work. Nevada's grand old mountains contain almost every known mineral, and tin is not among the least important.

Cataract Cannot be Cured With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Cataract. Send for testimonials, free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists and grocers. Hall's Family Pills are the best.

Needlest is the short step so many take from a cough or cold to consumption. The early use of One Minute Cough Cure prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it and mothers endorse it. Wm. Pinniger, druggist.
